

Confirmed Speaker

Mr Javier A. Baldor

September 10, 2018

Javier A. Baldor is an Executive Vice President and Principal Shareholder of BST Global. Javier leads a team of professionals around the world responsible for the market introduction of BST Global's business software products and solutions. Javier is also one of four members on the BST Global Product Steering Committee, which helps to define and execute on the delivery of innovative business software solutions for architects, engineers, and environmental consultancies globally.

Javier joined BST Global in 1989 and has served in various operational capacities during his tenure. In 1999, Javier was the primary catalyst in establishing a global vision for BST, and since that time, BST Global has flourished from its roots as a North American-centric business to a prosperous and vibrant global software organization. Today, with the steadfast support of fellow senior leadership and committed professionals globally, BST Global operates across an international network of offices and has clients leveraging BST Global's solutions in 65 countries on six continents.

Javier holds a Bachelor of Science, Business Management from the University of Tampa.
