

Confirmed Speaker

Mr Jean Felix

September 9, 2018

Jean Felix started working in 1968 in the engineering consultancy group SERETE – known today as Jacobs France – where he assumed various responsibilities in France and abroad, notably in Tunisia and Brazil, respectively as engineer, project manager and financial manager of the company.

At the creation in 1985 of the professional association «Syntec-Ingénierie» (engineering consulting firms) he held the position of Managing Director until 2010. Former board member of Syntec-Ingénierie , which he continues to assist since 2010 as Adviser to the President. Presently representing SYNTEC in AFNOR/CCPN, CORFISEM as President and CNESER.

Jean Felix was Chair of the EFCA (European Federation of engineering Consultancy Associations) public procurement committee up to 2012. He is currently EFCA vice president and Chair of CEN TC 395, Chair of the EFCA-FIDIC Sustainable Development Committee, UNEP- GIREC as a member of the steering committee, ISO TC 268 on sustainable cities and communities as liaison officer and Chair of CEN, Coordination group on smart and sustainable cities and communities (GC SSCC)
