Mr John Gamble

September 10, 2018

As the President and Chief Executive Officer of the Association of Consulting Engineering Companies - Canada (ACEC), John Gamble is recognized expert and spokesperson on industry issues across Canada and internationally. He regularly speaks on the importance of engineering to our social, economic and environmental quality of life.

Mr. Gamble is a licensed professional engineer with experience in in the public, private and not-for-profit sectors. Before joining ACEC, he held a number of senior management and executive positions in professional and industry associations. He has run for political office and served as a senior advisor to two successive cabinet ministers in the Ontario provincial government. He holds a Bachelor of Science degree in civil engineering from Queen's University and spent the first 10 years of his career practicing engineering in a leading environmental consulting firm.

ACEC is the national advocacy organization for approximately 400 consulting engineering firms across Canada and is regarded as the industry's voice on business, public policy and regulatory issues.
