

Confirmed Speaker

Dr Martin Güldner

September 11, 2018

Dr Martin Güldner is CEO and main shareholder of the GOPA Consulting Group - one of the 10 key world players in international development consulting.

With a yearly turnover of close to US\$ 200 million and more than 5000 experts working in development projects worldwide, the Group has expanded organically and through strategic acquisitions over the last 50 years to today seven development sector focused companies. GOPA Group's Headquarters are in Bad Homburg (near Frankfurt am Main) and Bonn (Germany), Brussels and Abu Dhabi.

Dr Martin Güldner has emerged as a leading contributor in industry debates over aid effectiveness, regulatory compliance, and the value commercial consulting firms bring to the development community. He holds a Ph.D. in statistics and econometrics from the Technical University of Darmstadt, Germany and has acted as Vice President for the German Consulting Engineers Association in Berlin. Being the EFCA President from 2003 – 2007, he was influential in building important synergies and power between EFCA and FIDIC and until now progressively develops EFCA's profil as Vice Chairman of its External Aid Committee. As Vice-president of the German-African Business Association (Afrika-Verein) he combines the skillset of a leading development thinker and entrepreneur performing for a better tomorrow.
