

Confirmed Speaker

Mr Kaj Möller

September 9, 2018

Kaj Möller is currently the President of Sweco International AB, the Sweco groups subsidiary for international export business. Sweco, being a multi-disciplinary architect and engineering consultant firm with some 8 000 employees and with its base in the Nordic countries, serves international clients in some 80 countries every year. Möller also serves the Sweco company group and their Clients as Contractual Advisor for international Service and Works contracts.

Möller's professional background spans from Science Attaché , Construction and Transport in Tokyo for the Swedish Embassy during the early 1990's, via the world's largest underground storage projects for liquid hydro-carbons in Saudi Arabia in early 2000 to the current employment with Sweco where he has been assigned for the last 13 years.

As of September 2011 Mr. Möller is a member of the FIDIC Executive Committee and being especially involved in FIDIC's contract documents as the Executive Committee's liaison with FIDIC Contracts Committee.
